Company Profile
2013

ABOUT US

Slaney Welding Pty Ltd is an Australian owned and operated company that provides specialised welding services and equipment to the pipeline industry.

Established in 1996, Slaney Welding operates throughout Australia and has successfully executed an extensive portfolio of pipelines and pipeline associated works.

Slaney Welding has built on its reputation for excellence and on time delivery of high quality workmanship and continue to broaden their services to meet the growing demands of the Oil and Gas Industry customers within Australia.

MANAGEMENT

Slaney Welding is managed by founding Director, Donal Sheehan.

Well respected and widely known within the Australian pipeline construction industry, Donal Sheehan has a solid reputation for delivering safely and on time. The Slaney Welding team have the necessary pipeline construction management, experience and skills to successfully deliver on multiple project sites.

PROJECTS COMPLETED

2013 - CURRENT

Supply welders

MCJV and Monodelphous

Zinfra Pty Ltd

Yarwun 4 inch diversion

Stringing/ welding

WDS

Roma town gas, 3 km's 3inch

Welding/ Hydro Testing.

2012

WASCO Australia

Kenya Lateral Pipeline -

11km's 20 inch gasline (BVD welding procedure)

Weld procedure's, stringing, bending and welding.

WDS

APA ML 1 Project -

6 km's 16 inch gasline

Weld procedure's, stringing, welding, pipe bending and hydro testing.

2011

Clough Seam Gas Pty Ltd

Jemena Gas Reduction Stations (Sydney) and associated pipeline

Supervise groundwork, installation of skids, welding and supply of welding Rigs

Diona Pty Ltd

*Jemena 20 inch relocation and
Williamson Tees*

Supply Welders/welding rigs and
supervise welding

2010

Caltex Lateral Pipeline (APA)

8 inch Gasline - 6 km

Supply Welders/Welding rigs and
supervise all welding on Pipeline.

2009

Toowoomba Pipeline

38 km of 762mm waterline

Supply welders/Welding rigs and
supervise all welding on Pipeline and
Hydro testing

2008

SRWPA

Morayfield - Eudlo

Welding 1290mm waterline

2007

Glenmore Buildings

Fabrication and erection of structural steel

2006

Willmac Engineering

Construction of gas stations up to 36 inch.
(Dublin)

2005

Co-Ord services

Welding various size gaslines,
Brisbane area.

2004

Diversified Construction Corporation

Moonie - Lytton Oil Pipeline (santos)

Welding Containment Sleeves.

2003

Diversified Construction Corporation

Cooper Basin (Santos)

Welding oil / gas lines and hydro testing.

2002

Mermaid Labour & Management

Mermaid Labour & Management

Automatic Welding 14" offshore gas line,
Tasmania – Victoria.

2001

Moody Civil & Pipe

Welding 1300mm diameter waterline,
Townsville.

2000

McLoughlin Group

Welding 36" gas line -
Dublin - Ireland

1998 - 2000

Fonside Australia

Welding gas & water lines -
Australia wide

1998

Civil Gas Pty Ltd

Welding 18" gas line -

Wagga Wagga to Wadonga

1995 - 1997

Jasdell Pty Ltd

Welding gas lines -

*Primary/Secondary/Williams Tee's and
Short stop's,*

Sydney Area
